DRUMCORE4

PRO DRUMS FOR SONGWRITERS

AUDIO LOOPS AND SAMPLED DRUMKITS WITH MIDI GROOVES

AAX/VST3/AU PLUG-IN for MAC OS and WINDOWS PC

“DrumCore makes programming drums actually fun. Audio loops or MIDI, you can create the feel, sound and arrangement you want with no hassles. Easy layout, quick to learn. Love it!”

- **Carmen Rizzo (Producer/Remixer - Seal, Coldplay, KD Lang)**

DrumCore is the secret weapon that film and TV composers, songwriters, and professional musicians have been using to create powerful drum tracks. This unique 64-bit plug-in (AAX/VST3/AU) and standalone application for Mac and PC features an astonishing 20 GB of tempo stretchable loops in a variety of genres recorded by celebrity drummers. In addition to these 24-bit audio files, DrumCore features MIDI versions of many loops and over 100 multi-velocity, sampled kits.

DrumCore features royalty free drum recordings by Matt Cameron (Soundgarden), Terry Bozzio (Missing Persons), Luis Conte (Madonna), Sly Dunbar (Bob Marley), Stephen Perkins (Jane's Addiction), Matt Sorum (Guns and Roses), John Tempesta (Helmet), Michael Schrieve (Carlos Santana), Ben Smith (Heart), Alan White (Yes, John Lennon), Lonnie Wilson (Brooks andDunn), Zoro (Lenny Kravitz), and many more.

New Features in Version 4:

- Improved interface
- 64-bit compatibility
- Updated plug-in formats (AAX/VST3/AU)
- Rhythmic similarity search powered by iZotope®
- Mixer view with insert effects
- Song timeline for assembling loops
- Integrated online store

DrumCore 4 is available as a download or on a USB thumb drive.

DrumCore 4 Ultra features all of the same great content and features of DrumCore 4, but with an additional 9 DrummerPacks (20 GB of content) and is available in a variety of hard drive options:

- 500 GB USB3
- 128 GB SSD
- 128 GB Thunderbolt™ SSD

EMBARGOED UNTIL JANUARY 23, 2014

Sonoma Wire Works acquired the DrumCore product line from Submersible Music in 2009. Rebuilt from the ground up to be more lightweight, powerful and modern, DrumCore 4 marks the first update to the product by the Sonoma Wire Works team.

Douglas Wright, the president of Sonoma Wire Works had this to say about DrumCore 4, “DrumCore is an amazing product with fans all over the music industry. For DrumCore 4, we’ve done our best to keep everything that makes DrumCore great while adding powerful new tools that give the user even more options for their sound.”

In addition to DrumCore 4, Sonoma Wire Works will be displaying their forthcoming line of audio interfaces and accessories for desktop and mobile.

About DrumCore:

DrumCore 4 is a new and improved upgrade of the award winning DrumCore 3 plug-in drum instrument with stereo 24 bit audio loops and MIDI recordings of inspiring performances by hit-proven drummers, playing their own great sounding drum kits across a multitude of styles. Now a VST/AAX/AU plug-in, DrumCore 4 has an improved interface and several highly anticipated features. It's the perfect tool for songwriters, composers, musicians and producers. Simply drag and drop grooves to tracks in most popular recording applications on MacOS and Windows.

Featuring royalty-free drum recordings by Jeff Anthony (Sheryl Crow), John Bishop (Ernie Watts), Matt Cameron (Soundgarden), Terry Bozzio (Missing Persons), Tony Braunagel (Bonnie Raitt), Luis Conte (Sergio Mendes), DJ Syze-up (UltraNaté), Ned Douglas (Dave Stewart), Sly Dunbar (Marley), Stephen Perkins (Jane's Addiction), Matt

Sorum (Velvet Revolver), John Tempesta (Helmet), Michael Shrieve (Santana), Ben Smith (Heart), Alan White (Yes, Lennon), Lonnie Wilson (Brooks & Dunn) and Zoro (Lenny Kravitz), and more.

DRUMCORE⁴

The logo for DRUMCORE4 is centered at the top of the page. It features the text "DRUMCORE4" in a bold, white, sans-serif font. The letter "O" in "CORE" is replaced by a graphic of a blue glowing drumstick striking a drum head, with concentric blue circles radiating outwards, suggesting sound waves or vibration. The entire logo is set against a dark grey rectangular background.
